Q1 2026 Fund Commentary

Commentary and opinions are provided by Keyridge Asset Management Limited.

Market commentary

The first quarter of 2026 was marked by pronounced volatility as financial markets moved to price in the impact of the escalation of conflict in the Middle East. Uncertainty rose sharply after hostilities broadened at the end of February. Markets grappled with the extent of damage to energy infrastructure in a region that is one of the largest exporters of oil and natural gas, and with the risk of ongoing disruption in the Strait of Hormuz. Supply chains from food production to industrial gases were affected, with the potential to push inflation higher.

Performance

A holding in Exxon Mobil Corp. contributed to the Fund's performance during the quarter. Holdings in Samsung Electronics Co. Ltd. and Johnson & Johnson also contributed to performance.

At a sector level, stock selection in the information technology and industrials sectors contributed to the Fund's performance.

A holding in Compagnie Financiere Richemont SA detracted from the Fund's performance during the quarter. Holdings in CRH PLC and Coloplast AS also detracted from performance.

Allocation in the energy and financials sectors detracted from the Fund's performance.

Portfolio activity

The sub-advisor added to the Fund a holding in Novo Nordisk AS. The sub-advisor sold the Fund's holdings in SGS SA and SK Telecom Co. Ltd.

Outlook

The sub-advisor searches global equity markets for attractively valued companies and isn't driven by macro events. The sub-advisor doesn't include macro forecasting in the search or selection process.
